

## FROM PORT M'ARTHUR

HOWARD MCGILLIS WRITES OF  
DAILY ROUTINE ON DEAD  
MAN'S ISLAND

Fort McArthur, Calif.,  
Sept. 6, 1917.  
Mr. A. T. Cowan,  
Editor Glendale News,  
Dear Sir:

As this is the first leisure time I've had since we were mustered into service, I am taking the occasion to give you a little information as to the nature of our camp, our mode of living, and of our program from day to day. Also, if you deem it acceptable it may prove to be of sufficient interest to some of the News' readers as to take up a few lines in your publication. Considering the fact that a much longer article could be written on the subject, it will be necessary to just run over it briefly.

In the first place, it would be advisable to give a short description of the company and of its present camp site. The total muster roll now numbers ninety-five, this number not including the three officers, one of whom (2nd Lieutenant Nicolas) is a resident of Glendale. Of the ninety-five men almost half or, to be exact, thirty-six of them hail from the Jewel City; and, in turn, just one-fourth of this number are non-commissioned officers. All this is sufficient reason for the company to be called the "Glendale Company," a term which is gradually becoming popular among officers as well as privates.

Our camp, which is one of the most sanitary in Southern California, is located on the southern extremity of Dead Man's Island in San Pedro Bay. In reality the so-called Dead Man's Island is not an island, but merely an irregular peninsula, extending out into the harbor. The camp, which is known as Reservation Point, covers about six acres, and may be reached either direct by the company's boat, or by taking the ferry across the harbor and walking a half mile to the point.

The structures of the camp consist of four wooden buildings and three tents, all clustered in a group in the northwest corner of the reservation. The four wooden buildings, in their order by size, are (1) the main barracks, which include, besides sleeping quarters for sixty-five men, the orderly (office) room and the supply room; (2) the mess house, one end of which is being used temporarily as a guard house; (3) the officers' quarters, one room of which is used as the post exchange, or company store; and (4) the latrines, showers, etc. Two of the tents serve as sleeping quarters for the remainder of the men, while the third has been turned into a hospital, several modified cases of small pox having resulted from the vaccinations.

Naturally the most important part of camp life and the part that interests the men the most is the weekly schedule. The first five days of the week are really the working days of a soldier, while Saturday and Sunday are considered as holidays. Starting at 6 o'clock Monday morning the men are kept continually "on the hop" until 5 o'clock Friday afternoon, the program being the same on each of the intervening days. Directly after getting up, the men are given setting-up exercises, in order to give them an appetite for mess, which is served at 6:30.

The men are then given until 7:45 to clean up the quarters and, if necessary, to report to the company doctor for sick call. The remainder of the morning is spent in two and a half hours of drilling, alternated by thirty-five minutes of fatigue duty, which consists of policing the grounds and doing general work around camp. There is no regular drill routine, the time designated for such training being utilized by the men as the officers see fit. The major part of the drilling is done on the four three-inch guns, which are located in such a position as to guard the outer harbor. Each gun weighs 2690 pounds and shoots a fifteen-pound projectile accurately for a distance of almost five miles. Six men are required to man a gun, besides the ammunition detail, which consists of four more. As yet no actual practice has been done with the regular projectile, sub-caliber shells having been used exclusively.

The other drill periods are used for practice in rifle, bayonet, aiming and two-arm semaphore drilling. In the afternoon the time is from 1:25 until 3:30, after which the men's time is their own until 5 o'clock, when retreat is sounded. Mess call is then given at 5:30, and from that time on until 9:30 o'clock, when all lights go out, the men are permitted to do as they please, although the call to quarters is not given until 10:45 and taps at 11 o'clock.

The only extra duty, except that

## PUBLIC MASS MEETING

PEOPLE DISCUSS THE GAS RATE  
PROBLEM AT CITY HALL  
ASSEMBLY

An interesting and effective public meeting was held at the City Hall last night in response to the published invitation of Mayor Thompson to consider the gas question. It was well attended by business men and others, including half a dozen ladies.

Mayor Thompson said, in substance that the increased rate for gas, raised by the Railroad Commission from 68 cents to 80 cents, put it up to the Board of Trustees to do something drastic, and it was desirable to consult with the people and be assured of their hearty co-operation in whatever action should be taken.

City Attorney Evans said that as the city had not been made party to the proceedings, it could, on its own account, either ask for a rehearing or take up its own case anew.

It seems that the contract with the gas company is part of a franchise granted by Glendale, but it is claimed that the gas company is not bound to recognize that franchise in exercising its authority to fix rates.

But whatever the theory, the fact is that the price of gas in Glendale had been raised from 68 cents to 80 cents, a difference of 12 cents per thousand cubic feet.

It was shown that the gas company gets natural gas at 14 cents, the difference goes to cover total cost of plant, distribution, plus the profits.

Numerous short speeches (one of the first being from Dr. Jessie Russell) showed three things:

1. The confidence of the people in our City Trustees, and pride in what has been achieved by them with water and electricity.

2. The need that Glendale should also have its own gas plant.

3. The willingness of the speakers and others present that the City Trustees should go ahead and do whatever may be necessary.

There was not one dissenting voice in the discussion, and not one negative vote when the motion was put.

Such unanimity is seldom seen in any public meeting which may involve the expenditure of considerable money. It was a high tribute to our City Trustees.

## GETZGLASS-MALLERNEE WEDDING

Married, at the Adventist church, corner Third and Isabel streets, on Wednesday evening, September 5, 1917, at 7 o'clock, Miss Hattie Mallernee, 203 East Laurel street, Tropic, and Mr. Edward Getzglass of Walla Walla, Washington. The ceremony was performed by Elder Martin, president of the Southeastern California Conference, in the presence of a large number of friends. The church was beautifully decorated for the occasion. A large wedding bell hung over the altar. At the conclusion of the ceremony Miss Martin sang "Because," with her sister at the piano.

Mrs. Getzglass was a graduate of the Sanitarium Training School of Glendale. Mr. Getzglass has been in Glendale in the Medical Evangelistic work.

Following the wedding a reception was tendered Mr. and Mrs. Getzglass at the home of Mrs. Nellie Simpson, 203 East Laurel street, Tropic.

## PRAISES GLENDALE FACTORY

F. A. Mann, eastern representative of the Tokay Crush Co. of Chicago, was in Glendale this week and visited the plant of the Henry-Brown company, manufacturers of soft drinks. Mr. Mann's duties take him into such establishments all over the country. In speaking to an Evening News reporter he said the Henry-Brown Co. has one of the most up-to-date, well-arranged and sanitary plants that he has ever visited. Such a statement from one who is able to make comparisons is indeed a compliment and one well deserved by the Glendale firm.

given as punishment, that is given to the men is kitchen police and guard duty. These come around about once a week, all privates being given an equal amount of time to serve.

In the above lines I have tried to give a brief description of our army life, which I hope may be of interest to you. Some of the fellows have been receiving copies of the News, and every time one arrives in camp there is a line of applicants to read it. Wishing you and the News continued success, I remain

Respectfully yours,

HOWARD M. MCGILLIS.

## LA FOLLETTE AMENDMENT REJECTED

SENATE AGAIN DEFEATS WEALTH CONSCRIPTIONISTS BY  
A VOTE OF NINETEEN TO FIFTY-FIVE

(Special Service to Glendale Evening News)

WASHINGTON, September 7.—The Senate again defeated the wealth conscriptionists by rejecting 19 to 55 Senator LaFollette's amendment increasing the income tax rate so as to raise \$643,000,000 more than the finance committee's measure. LaFollette's amendment provides for a 50 per cent. surtax upon incomes of a million or more, but a heavier increase is put on incomes between \$50,000 and \$300,000.

## MAY BOMBARD PETROGRAD

GERMANY IS ASSEMBLING SUBMARINES, WAR SHIPS, DESTROYERS AND MINE SWEEPERS IN BALTIC

(Special Service to Glendale Evening News)

LONDON, September 7.—Germany may be preparing to turn her battle fleet to the job of blasting the Russian fleet and bombarding Petrograd. This belief here is based on despatches showing the presence in the Baltic sea of submarines, destroyers, mine sweepers, cruisers and heavy war ships at the entrance to the gulf of Finland. This would put enemy vessels about 100 miles from Petrograd.

## THOMPSON FILES DAMAGE SUITS

CHICAGO MAYOR SUES TRIBUNE AND NEWS AND OTHERS  
FOR LIBEL IN SUITS AGGREGATING \$1,350,000

(Special Service to Glendale Evening News)

CHICAGO, September 7.—Mayor Thompson this afternoon filed additional suits for libel aggregating \$1,350,000. The suits are against the Chicago Tribune, The Chicago Daily News, Victor F. Lawson, Jacob M. Dickson and H. H. Merrick. These suits are in addition to the one filed yesterday against the Chicago Herald for \$250,000.

## NO DETAILS OF AMERICAN DEAD

WAR DEPARTMENT NOR RED CROSS HEADQUARTERS  
HAVE RECEIVED OFFICIAL REPORTS OF AIR ATTACK

(Special Service to Glendale Evening News)

WASHINGTON, September 7.—The war department has cabled for details of the Americans killed in France, in the German air raid on a hospital. At Red Cross headquarters in New York no information has been received concerning the attack. At last reports, Unit No. 21, from St Louis, was stationed at Rouen, France.

## GERMANS ATTACK AMERICAN HOSPITAL

OFFICER KILLED AND MEMBERS OF HIS STAFF ARE  
WOUNDED WHEN RED CROSS BASE IS BOMBARDED

(Special Service to Glendale Evening News)

WITH BRITISH ARMIES IN FIELD, September 7.—An American officer was killed and five members of his staff were wounded in a deliberate bombardment Tuesday by German airmen of an American hospital on the French coast. Ten patients in the hospital were also wounded.

## PETROGRAD EXPECTS ATTACK

RUSSIAN CAPITAL IS PREPARING FOR BOMBARDMENT  
TROOPS ARE BEING CALLED TO FRONT

(Special Service to Glendale Evening News)

PETROGRAD, September 7.—Petrograd is preparing for a possible German attack. Red placards are scattered everywhere to warn and to call Russians to do their duty. Troops are passing through the streets en route to the front to repel the invaders.

## TWO MILLION MEN BY JUNE 30

WAR DEPARTMENT ANNOUNCES PLANS FOR NEW NATIONAL ARMY—ANOTHER DRAFT FOR THIS WINTER

(Special Service to Glendale Evening News)

WASHINGTON, September 7.—Two million men in active service in training camps by June 30 is the plan of the war department, announced this afternoon. Another draft of 500,000 men is planned for this winter. By October 10, the war department expects to have a million and a half men under arms.

## TRUSTEES' MEETING

TROPICO CONSOLIDATION COMMITTEE SUBMITS COMMUNICATION

The Board of Trustees met in regular session at the City Hall at 7:30 p. m. September 6, 1917. All members present, except Trustee Woodberry, who entered during the reading of the minutes.

The minutes of the last regular meeting were read and approved.

A communication was presented and read from Dwight W. Stephenson and other residents of Tropic, notifying the Board of Trustees of the City of Glendale of their intention to circulate and file in the City of Tropic a petition asking the Board of Trustees of that city to call an election for the consolidation of the City of Tropic and the City of Glendale. Upon motion of Trustee Muhleman, the communication was referred to the City Attorney with instructions to bring in the necessary resolution covering the matter.

A communication was read from a committee of Tropic citizens signed by Norton C. Wells, Wm. G. Black and Edward M. Shipman addressed to the Board of Trustees propounding certain questions in connection with the proposed consolidation of Glendale and Tropic, which was on motion of Trustee Grist, ordered to be read, and following the reading of the same, the answers prepared by the Board of Trustees to the questions asked were also read and on motion of Trustee Grist, approved.

A communication was read from the Secretary of the Chamber of Commerce, stating that at a meeting held in the rooms of that organization on the previous evening, action was taken in regard to the question of the contract between the City of Glendale and the Southern California Gas Company in connection with the recent action of the Railroad Commission authorizing the company to increase the price of gas. The meeting had adopted, on motion of J. W. Fairchild, a resolution requesting that the City Trustees investigate the cost of gas and the installment of pipes, and the whole expense of distribution such as are included in a complete municipal gas system, and take such further steps as may seem proper.

A suggestion was also embodied in the same resolution to the effect that the city request an opinion from the Attorney General of the State as to the authority of the Railroad Commission to abrogate the existing contract without due notice to the City of Glendale.

In this connection, the City Attorney stated that the Attorney General has no duty or authority in the matter. (Continued on Page 4)

## TROPICO RED CROSS

The exhibition of work and program given by the Red Cross of Tropic at the City Hall, Tropic, on Thursday was an unqualified success from every point of view. A large audience filled the hall and crowded the doorways. The exhibition of work was splendid.

Mrs. Leigh Bancroft was in charge of the fine exhibit of hospital garments, shirts, etc. Mrs. Ryerson, formerly teacher of knitting in the navy league, San Francisco, had an excellent exhibit. Mrs. Stephenson with comfort bags and Mrs. Chadwick, Miss Chadwick and Miss Daner with dolls scored a great success. Mrs. Noble Ripley and Mrs. Glenn Craig had charge of the refreshments.

The program was excellent. It consisted of addresses by Mr. William Horsch, field representative of the Red Cross work, and Miss Small Page, a piano solo by Miss Helen Morgan and the singing of the Marseillaise and the Star-Spangled Banner by Dr. Henry R. Harrower of Glendale, accompanied by Miss Helene Morgan. The program closed with the singing of America by the audience, led by Dr. Harrower.

## THAT DUCK FEST

Mr. and Mrs. J. H. Braly of 205 North Brand boulevard, entertained the committee chairmen and officers of the Red Cross at their home last evening. A full account of this very unique feast of good things and storytelling hour will be published in tomorrow's issue of the Evening News.

## ROMAN IS SPEEDY

John Roman of the firm Packer & Roman, Studebaker agents, drove to San Fernando Thursday, thinking he had a prospect there. When he returned he had sold two Studebakers. This is doing business at rather a rapid rate even for the local Studebaker agents.

BURGLAR STEALS \$400—SCHUYLERS RETURN FROM VACATION TRIP

While Mrs. M. Wood, who was occupying the residence of Dr. D. D. and Belle Wood Comstock, 212 North Isabel street, and two ladies who were rooming with her were absent from the house Wednesday evening, thieves entered the house and stole \$400 belonging to Mrs. L. Parsons, one of the roomers.

The three ladies left the house about seven o'clock to attend a wedding at the Adventist church, corner of Third and Isabel and were gone an hour and a half. Shortly after their return they observed that the kitchen window was open. Upon investigation the money was found missing.

Mrs. Parsons had drawn it out of the Postal Savings Bank to make a payment on property recently purchased by her. The money was in a box on the table in her room. A box had been placed below the window to enable the thief to climb in, and footprints led to the back fence. The police were called immediately but as yet the thief has not been apprehended.

## SCHUYLERS RETURN FROM NORTH

Mr. and Mrs. E. L. Schuyler and family of two sons and two daughters have just returned from a delightful motor trip up into Lake county. The family was absent from Glendale ten weeks and had many interesting experiences as they camped along the route. Near Clear Lake in Lake county they visited Mrs. Schuyler's mother. Considerable time was spent with relatives on the Buckingham ranch near Clear Lake. There are 1400 acres in this ranch and as that is quite a turkey raising section, there are 700 turkeys on the ranch. Mr. Schuyler found game very plentiful in that region and was successful in shooting a huge buck. Mr. Schuyler says Lake county is noted for its Bartlett pears and buyers are now paying 2 cents more for those grown in that section, as they are the only pears that can white. Their fine flavor is due to properties in the soil.

Lake county is known for its mineral springs and resorts and is sometimes called the Switzerland of America.

Mrs. Schuyler took a trip to Portland, stopping at the ranch on her return. The family visited many places of interest on their return, stopping at Santa Rosa, San Francisco, the Big Trees, Monterey and Santa Barbara. At Fresno they visited the McClarys, formerly of Glendale.

Seven rattlesnakes was the record for the trip, one being 5 feet, 7 inches in length and bearing 14 rattles.

This is the fourth summer the Schuyler family has spent in Lake county, finding each one more delightful than the last.

## MAGNIFICENT PEACHES

In the Chamber of Commerce window, 1010 West Broadway, are some yellow clingstone peaches which are splendid specimens of Glendale productivity. They average over 10 inches in circumference and more than half a pound in weight. They were grown in the yard of Mr. T. J. Hutchison, 127 South Orange street, Glendale.

Can any one show larger peaches grown in Glendale?

## MARIE ALBERS MARRIED

The marriage of Miss Marie Albers of 1562 Pioneer drive to Mr. George Jago of Artesia, Calif., was performed Wednesday afternoon by Rev. C. A. Cole, at the parsonage. The bride is a native of Kentucky, but has been making her home in Glendale for some time and is one of the estimable young women of our city. They will make their home at Artesia, where Mr. Jago has a ranch.

## DEATH OF MR. KEYSTONE

Herman Albert Keystone, who had been a resident of Burbank for the past six or seven years, passed away at his home, 161 Verdugo Road, at 6 o'clock this morning at the age of 55 years. His wife and one daughter survive him.

The Scovern-Letton-Frey Co. of Tropic, funeral directors are in charge of the services which will be held from the Burbank Catholic church Monday at 9 a. m.

## TELLING AN OFFICER'S RANK

You can tell the rank of an American army officer by knowing that:  
A second lieutenant has an epaulet with no bar.  
A first lieutenant has an epaulet with one white bar.  
A captain has an epaulet with

two white bars.

A major has an epaulet with a gold maple leaf thereon.

A lieutenant-colonel has an epaulet with a silver maple leaf.

A colonel has an epaulet with a silver spread eagle thereon.

A brigadier-general has an epaulet with one silver star.

A major-general has an epaulet with two silver stars.  
A lieutenant-general has an epaulet with three silver stars.  
A general is exceedingly rare. Thus far in our history there have been only two. They were Washington and Grant.

Having occasion to measure a circumference that figured out to tenths of an inch and not having a rule marked to these divisions, says J. Claude Crews in the Popular Science Monthly, I tried the following means of overcoming the difficulty. Going to a typewriter, I made a row of periods, with each tenth one a comma to show full inches. This gave me a rule marked in tenths, also one that could be bent around shafting, collars, etc. As nearly all typewriters make ten spaces to an inch, it is an easy matter to accomplish what seems to be a difficult job.

## A VALUABLE BOOK

### Editor News:

If the people of Glendale knew the value of the latest city directory issued from your press, they would grab the rest of the edition before night, now that you are selling them below the cost of production.

You are offering the most accurate, the most complete and the most convenient directory I have ever seen issued in a town the size of Glendale.

The "householders directory" feature doubles its value as a reference book. This enables one to know who lives in any particular house in the city, and to know who occupy the neighboring houses.

For example, you meet some one but fail to remember the name. You do recall, however, that they live in the same block with Mr. A. You have only to look at the list of people living in A's block to find the forgotten name.

Again, you meet some one and wish to know more about him. First you locate his name and address in the general directory. Then you look in the householders directory at the back of the book and find who his neighbors are. Ten to one you are acquainted with some one in his block and can find out just what you want by a phone call.

To those who give time to social or business matters, this directory is a most valuable aid, and I feel I am doing the public a favor rather than the "news" in calling attention to the merits of this very superior directory. Every home should have a copy.

J. F. LILLY.

## THE BRITISH AMBULANCE SOCIETY

Next Monday being a legal holiday, we are obliged to again postpone our business meeting owing to the absence of several members. The date of the meeting is definitely set for September 17, at 2:30. At 4 o'clock the same day the second of the afternoon teas will be given, Mrs. Hugh Elue being the hostess. The work room will be open at 11 o'clock as usual.

## CLASS IN BIBLICAL AND OTHER SOCIOLOGY

This is a day of newly awakened thought on matters political, industrial and social. As they come closer and closer to the heart they can no longer be separated from the religious impulse inherent in mankind. But church teachings that perpetually ignore fundamental economic problems are more and more failing to satisfy this impulse. Hence comes, here and there, spontaneous groupings of people, small circles eagerly discussing economic principles, ideal democracy, practical religion, applied Christianity and such topics as from time to time arise.

One such group has for some weeks been meeting every Sunday at 10 a. m. at the home of Rev. and Mrs. N. J. Wright, 1330 Colorado boulevard, and informally talking out some of the problems confronting this immediate generation. These little gatherings have become so interesting that the thought comes to share the benefits of these studies, to enlarge the circle by public invitation. The plan at present pursued is for each, who wishes or who is prepared, to lead out in discussing some phase of these world questions. They may be taken from some event of the immediate present, some wisdom from the Christian Bible or from other bibles, or any ancient or modern sage; or may be some original idea of the leader. After the thought is presented it is opened for free discussion.

There is no ulterior design in these meetings; they are only for mutual enlightenment and development. All to whom this sort of group appeals are cordially welcome.

MRS. L. I. ROBINSON.

## CLEARANCE SALE

Having on hand a number of 1917 city directories of Glendale, Tropico and Casa Verdugo, which we wish to close out immediately, the price at which these well-bound books, including a map of Glendale, has been fixed is 50 cents per copy.

## PRESBYTERIAN YOUNG WOMEN!

The Young Women's Missionary Society of the Presbyterian Church will meet Monday afternoon, September 10th, 2:30 o'clock, at the home of Mrs. Edmond D. Stafford, 361 Orange Grove avenue (2nd door east of Everett street).

During the social hour, following the regular meeting, the aprons for the little Chinese children are to be completed. All the members are requested to come and bring a friend and a thimble.

## STATE W. C. T. U. WORK

Mrs. Ruby J. Smart has been attending a three days' session of the State W. C. T. U. executive committee of which she is a member, at the Temperance Temple in Los Angeles. A rousing patriotic program was given on Monday afternoon and the display of the war service department of the great quantity of comfort bags, bandages, knitted garments and literature elicited much surprise and commendation. Mrs. Mottern, Mrs. Harrell and Miss Elizabeth Mottern were also in attendance.

Tuesday evening the state president, Mrs. Stella Irvine, gave a fine reception in the temple parlor to the workers.

Wednesday was occupied in detail work. The Universal Film Company requested the privilege of taking films of the comfort bag work, which will be put on the Superba screen soon.

On motion of Trustee Woodberry, it was ordered that the Chairman of the Board of Public Works, the City Engineer, the City Manager and as many trustees as find it convenient to do so, visit San Diego and La Jolla to investigate septic tanks.

At this time, the Chairman stated that the other business of the Board would be laid over until Tuesday evening next, and that the rest of the evening's session would be devoted to the discussion of the question of municipal gas.

He called upon Manager H. B. Lynch of the Public Service Department for a statement as to the result of his investigations along this line. Mr. Lynch stated that the gas company has about two thousand consumers in the City of Glendale, and he estimated without having been able to go into the matter thoroughly that it would require a sum of about \$200,000 to establish a municipal plant.

The advantage to the city from this proposition would be the fact that it would be handled in connection with the distribution of the light and water by the Public Service Department at a saving of perhaps \$10,000.00 per year as compared with the cost of operating a gas plant independently.

Mr. J. W. Usilton expressed the belief that as Glendale has been successful in handling the light and water departments, he had no doubt that it would make a success of a municipal gas plant.

Dr. Jessie Russell expressed a similar opinion.

The chairman stated that the first step to be taken would be an appeal to the Railroad Commission for permission to buy the existing plant and possibly to make another appeal to the Commission to fix the price on the same.

Mr. J. C. Beldin spoke on the subject, stating that he was present for the purpose of securing facts; being always interested in noting the progress made by communities along these lines as, for himself, he believed in public ownership of all public utilities.

Mr. McElroy spoke briefly in favor of the proposition.

Mr. Murphy expressed the belief that the electricity is making such rapid progress in the uses to which it is applied that it may be something of a question as to whether the investment in a gas company would be advisable.

Mr. Lynch stated that the Railroad Commission had fixed a price of 14c per one thousand cubic feet, as the figures which natural gas should be delivered to distributors.

Trustee Woodberry stated that he believed the chief purpose of the city if it established a municipal gas system, would be to reduce rates. He could see, however, important points of difference between municipal ownership of water and of gas.

Mr. Killick expressed himself as in favor of the proposition, as he felt assured that electricity would not soon supersede gas.

Mr. Wellner stated that he had talked to a large number of citizens in regard to the subject, and they had been unanimously in favor of the proposition.

The Chairman stated that the object of the Board in calling the people together was to advise with them, ascertain their wishes in regard to the matter and particularly to be informed as to whether the trustees would be justified in making the expenditure of probably \$250 to secure such detailed information as could only be furnished by experts.

Mr. Beldin offered a resolution requesting the trustees to proceed with their investigation of the subject and to spend such a sum as might be necessary to enable them to put the proposition fairly and fully before the people.

Mr. F. H. Lowe expressed the belief that the trustees are fully justified in spending all the money necessary to make this preliminary investigation, and he was heartily in favor of the proposition.

The resolution was unanimously adopted.

Upon motion a resolution was ordered to be read replying to the communication of the Tropico Committee, and on motion of Trustee Grist was adopted.

On motion of Trustee Muhleman, it was ordered that a copy be sent to the Tropico Committee.

### CITY TRUSTEES.

(Continued from Page 1)  
ter, and while he might, if requested, give an opinion on the subject, it would be entirely voluntarily on his part.

The Chairman of the Board stated that there are only two courses open for the city to follow—the one to ask the Railroad Commission to fix the rate for gas in the City of Glendale, or to request of it a rehearing of the case as far as the City of Glendale is concerned; that the contract between the city and the Gas Company is a part of the franchise granted to the Gas Company some years ago, but which by a subsequent ruling of the United States Court has been declared to be unnecessary; the gas company having certain necessary rights without being required to obtain a franchise, it is probable, therefore, that the action of the legislature in reference to public utilities abrogates all such private contracts. On motion of Trustee Woodberry, the communication was ordered to be filed.

Trustee Grist made a motion, which was adopted, that when the Board adjourn it be to meet at 7:30 p. m. Tuesday evening, September 11th.

On motion of Trustee Jackson, it was ordered that the hearing of the lot cleaning cases would be taken up at the meeting of September 11th.
